I think what you provided is adequate for us to produce a cost estimate.

I'll give you several options.

Is next week (wed or thur) ok? If you need something earlier, let me know.

I'll send the ppt on Monday.

Nice meeting you this week! You have real challenge in front of you. If I can assist in anyway (beyond ASPECT) please let me know.

And yes, we would like for you to visit sometime, but after your vacation. I would like your PowerPoint from yesterday.

Thanks, Brad

Would you like for us to use these to provide you with a project proposal and cost estimate?

We can also visit your region to talk about the ASPECT capabilities if needed.

John:

Attached are some draft versions of the maps. RSL needs to make a few adjustments. This is just FYI. I should be able to get you the final by Monday.

Thanks for the help.

Brad
